

NEW YORK TRANSIT MUSEUM

JOB TITLE: Development Coordinator (Full-time)

New York Transit Museum, Brooklyn, NY

Founded in 1976, the New York Transit Museum is dedicated to telling and preserving the stories of mass transportation – extraordinary engineering feats, workers who labored in the tunnels over 100 years ago, communities that were drastically transformed, and the ever-evolving technology, design, and ridership of a system that runs 24 hours a day, every day of the year. The New York Transit Museum explores the development of the greater New York metropolitan region through the presentation of exhibitions, tours, educational programs, and workshops dealing with the cultural, social, and technological history of public transportation. Since its inception over 40 years ago, the Museum, housed in an historic 1936 subway station in Downtown Brooklyn, has grown in scope and popularity. The museum also maintains a gallery annex at Grand Central Terminal, an archive, and an off-site 14,000 square foot collections storage facility. As custodian and interpreter of the region's extensive public transportation networks, the Museum strives to share, through its public programs, this rich and vibrant history with local, regional, and international audiences.
